

Caja de distribuidor Keystone 8 puertos montaje en carril DIN o pared

General data

The distribution box is suitable for mounting on a TH35 DIN rail for use in sub-distribution boards, switching/network cabinets or for wall mounting. Due to the modular, tiltable module outlets, the housing is flexible and facilitates cable routing as required for the specific application. In addition, the enclosure has a grounding connection that shielded keystones can thus be connected.

Specifications:

- For DIN rail mounting on a 35mm DIN rail (TH35).
- Material: plastic and metal
- Color: black
- Dimensions: 55.70 x 154.00 x 78.66 mm
- Suitable for mounting up to 8 Keystone modules
- Output: Angled and straight

Included: 1x 8-port housing, 1x ground wire
